

FACTS TO PRESENT

Uncle Sam Will Have Some Pertinent Ones For Spain.

GOVERNMENT DONE ITS DUTY.

Filibustering Expedition Prevented Whenever Possible—What It Has Cost—Matter Will Be Laid Before Congress. Funds Discovered in the Payment of the Creek Indian Indebtedness.

WASHINGTON, Oct. 26.—It is not doubted among government officials that the basis of the Spanish reply to Mr. Woodford's note will be the charge that the United States has not observed the requirements of international law in the matter of preventing filibustering. In this case the state department will have some pertinent facts to present, which, its officials believe will completely alienate from Spain any sympathy that she may have attracted from other European nations on that score.

It is asserted that the government has been so anxious to prevent filibustering as to accept statements from the Spanish officials, not accompanied by proofs of the facts alleged, but mere suggestions that they had reason to believe that an expedition was forming, and have sent vessels to intercept it.

In cases our government has proceeded to lengths in restraint of American commerce on insufficient evidence furnished by the Spanish government that has resulted in the preference of large claims by American shipowners for illegal detention of their ships. Then the expense of maintaining the patrols along the Atlantic and Gulf coasts has been very heavy. Every time the state department has been obliged to call upon a collector at a port the result has been a heavy bill of expenses for tugs, special officers and other charges, while the attorney general's offices and, in fact, most of the executive departments have been put to more or less trouble and expense.

The navy department especially has been embarrassed owing to the necessity for diverting vessels from other places for the disagreeable Florida patrol. One official roughly estimated the expense the United States has been put to to protect the Cuban coast for Spain at about \$2,000,000. This is probably a large estimate, but one naval officer, who is thoroughly cognizant of the strain put upon the department by the patrol, stated that it would really be cheaper for the United States to send a fleet to Cuba and blockade the coast there against incoming filibusters than to try to stop them on our own extensive coastline.

Altogether the officials are confident of their ability to show that the government has more than complied with the requirements of international law, which, as laid down in the Alabama arbitration, simply demands that a nation "use due diligence," to prevent the departure of hostile expeditions.

On this phase of the case, the correspondence may be kept alive between the state department and the Spanish government until Congress meets, but it is expected that unless some results in the direction of the suggestions of Mr. Woodford are forthcoming by that time, the president will refer the entire matter to congress and await its order.

FRAUDULENT WARRANTS.

Bogus Paper Paid in the Settlement of the Creek Indians' Indebtedness.

WASHINGTON, Oct. 26.—Over \$90,000 of alleged fraudulent warrants of the United States treasury on the account of the Creek Indian nation in Indian Territory have been discovered by government authorities. The alleged fraud was perpetrated in connection with the payment of the Creek Indian nation debts and only the barest details have reached here. Congress authorized the liquidation of indebtedness of the Creeks amounting to \$333,000 incurred by the Indians for various purposes.

The amount appropriated was to be paid out of the United States treasury and deducted from the funds of that tribe now in the treasury. The work of paying off was begun months ago but when the last warrants were presented it was found that the amount paid, instead of \$333,000 as authorized, had reached \$353,000. Special agent W. H. Zerler, of Missouri, and special agent Ross were immediately dispatched to make an investigation of the discrepancy. The department now has official advices from them showing that over \$90,000 of warrants were fraudulent and have been paid.

Seal Conference.

WASHINGTON, Oct. 26.—The international seal conference met again at the state department yesterday with all of the members present. The proceedings are secret in the sense that no one but the delegates is allowed in the meeting room, save certain persons who are called upon to give expert testimony as to the condition of seal life and the state of the market for skins. It is expected that the conference will be in session some time.

Union City (Ind.) Bank.

WASHINGTON, Oct. 26.—The Commercial Bank of Union City, Ind., has been authorized to begin business. Capital, \$50,000.

Will Ask His Extradition.

PARIS, Oct. 26.—The United States embassy will make an application to the French government for the extradition of Wm. R. Foster, who absconded from New York on Sept. 26, 1888, with, it is claimed, \$198,000 belonging to the gratuity fund of the New York produce exchange and who was arrested at Neuilly, near this city on Saturday last.

Vatican Denies Intervention.

ROME, Oct. 26.—Cardinal Rampolla authorizes the denial of papal intervention in the case of Prof. Schroeder of the Catholic University at Washington and states that the matter is entirely in the hands of the state.

GARRISON WRECK.

Complete List of the Dead—Thousands Visit the Scene.

GARRISON, N. Y., Oct. 26.—A complete list of the killed in the wreck of the New York Central train, which plunged into the Hudson river through the giving way of the retaining wall, as furnished by the railroad officials, is as follows:

JOHN BOYLE, engineer, of East Albany, body still in the river.
HARRY Q. TOMPKINS, fireman, of East Albany, body still in the river.
SAMUEL WILLIAMS of Buffalo.
THOMAS RILEY of St. Louis.
W. H. G. MEYERS of Tremont, N. Y.
A. J. MCKAY, Harlem, body still in the river.
E. A. GREEN of Chicago.
WILLIAM SCHROEDER, New York, N. Y., otherwise known as William S. Baker.
GIUSEPPE TAGUANA, New York.
MRS. ROBERT T. LINDSMAN, Utica.
UNKNOWN WOMAN, not yet identified.
EIGHT CHINAMEN.

Late yesterday afternoon the wrecking company made another search for the bodies of the engineer and fireman and Superintendent Van Ertan's clerk, Mr. McKay. When the diver came up, after 25 minutes, he said: "I could find no trace of any of the missing men and I don't believe they are near the engine. I should say that if they did not jump, and it looks as if they did not have time, that the rush of water through the cab was so fierce that it fairly swept them out of it and drowned them quickly. I would not be surprised if they were half a mile or a mile beyond the engine."

Had it not been for the fact that torrents of rain poured down all the afternoon the New York Central railroad would have had an excursion upon the wreck larger than any for many years. As it was, trainload after trainload of curiosity seekers landed at the stations near the wreck and walked through the dreary rain to stand and stare at the burning embers and mutilated cars. Of the 16 dead who lay in the corner's office at Cold Springs, eight were heathen foreigners, whose names or residences could scarcely be ascertained by the general public, and yet six of these eight were identified and claimed long before any person had come forward to inquire or seek for two well-dressed and evidently very respectable white women, the only women killed in the wreck. The 16 bodies that were held at Cold Springs for identification and the claim of the relatives were divided between the two undertaking establishments.

PULLMAN'S WILL.

Its Contents May Not Be Made Known For Several Days.

CHICAGO, Oct. 26.—The disposition of the estimated \$50,000,000 left by the late George M. Pullman will not be known with certainty for at least a day or two. That assurance both Mr. Robert Lincoln and Mr. Norman R. Reed, executors of the estate of the multi-millionaire expressed with authority yesterday. They say the property left is so vast that it may take several days to estimate its value as the law requires. All sorts of stories are current in financial circles over the Pullman will. It is said positively that the estate was not worth over \$20,000,000 or \$25,000,000. Some well known LaSalle street men, however, say that George M. Pullman's income was averaged \$10,000,000 annually for a number of years.

Mr. Lincoln said yesterday that there were a great number of public bequests, but refused to give their names. Neither of the executors of the will would confirm or deny the statement that Mr. Pullman had disinherited his two sons, George M. and Sanger W. Neither of the young men is said to be violently drawn toward a business career. And for that reason it has been declared that the bulk of the property is left to the widow and Mrs. Frank Lincoln, a daughter of the deceased. The university comes in for a large amount, it is also said.

Insurgent Leader Killed.

HAVANA, Oct. 26.—The body of General Adolfo Castillo, the insurgent leader who was killed in an engagement with Spanish guerrilla forces under Major Manuel Tapia Ruano of the artillery, arrived here yesterday. Large crowds lined the route to the morgue to look at the remains. Major Ruano is a nephew of President Cisneros of the Cuban provisional government.

Will Explore on the Shores.

CITY OF MEXICO, Oct. 26.—Professor William Niven of New York has arrived here and will soon start to explore the state of Guerrero, one of the least known parts of this republic. He has a concession from the government for the exclusive right to search for antiquities in that region and will be allowed one-half of the objects found to be sent to the museums in the United States.

Fugitive From Justice.

ATLANTA, Ga., Oct. 26.—Harry A. Cassin, ex-bank cashier, is a fugitive from justice. When his case was called in court yesterday he did not respond. Cassin was indicted for embezzling \$71,000 of the funds of the Georgia Loan, Savings and Banking company, a corporation of which he was cashier. He gave bond in the sum of \$10,000.

TELEGRAPHIC BRIEVITIES.

Hamburg, Germany, has just dedicated a 16,000,000-mark town hall.

Rev. John Stoughton, D. D., the well known Congregational minister and author, is dead in London.

The Baltimore-All-American ball game at Kansas City resulted in favor of the latter by a score of 4 to 4.

The steamer Mariposa has sailed from Sydney, N. S. W., for San Francisco with 275,000 sovereigns for the United States.

Hannu Taylor, ex-minister to Spain, it is said, will shortly publish an elaborate communication on the Cuban question.

A tilemaker named Guillot, his wife and four children, committed suicide by the use of charcoal fumes in Paris. Poverty was the cause.

Emil Schuler of the Morse Cycling club, Chicago, has lowered the triple century amateur record to 16 minutes, riding 300 miles in 20 hours and 38 minutes.

The supreme court of the United States has refused a writ of habeas corpus in the case of Henry Cramer of the state of Washington, under sentence of death.

POSTPONEMENT DESIRED.

Government Will Ask That the Date For Union Pacific Sale Be Changed.

ST. PAUL, Oct. 26.—A motion on the part of the government to postpone the date of sale of the Union Pacific railway was made before United States Circuit Judge Sanborn in this city today. It is thought Judge Sanborn will set an early day for the hearing. General John C. Cowin of Omaha, one of the government's assistant counsel in these proceedings, has had an informal conference with Judge Sanborn. He stated to the judge that the government desired at an early date to argue the motion referred to. Ex-Governor George Hoadley, the chief of the government's special counsel in the Union Pacific cases, is expected here.

DAWSON CITY NEWS.

Plenty of Provisions and the Idea of Starvation Scouted.

VICTORIA, B. C., Oct. 26.—The City of Seattle has arrived here from the north with 100 passengers, including Cliff L. Moore and son and M. C. Woodring of Seattle, who poled up the Yukon river from Dawson and came out over the Dalton trails. She also brought news of the drowning on Lake Bennett of Joe McManus and Peter Wivell of San Francisco. A storm sprang up and in the taking in sail McManus fell overboard. Wivell jumped in to rescue his companion and was dragged to the bottom by him.

Moore and Woodring scout the idea of starvation at Dawson City and say that the talk of epidemic diseases is all imagination. The stores have stopped selling provisions because they do not want outsiders to get a corner on the goods. Moore saw a wrecked boat on the river but could not ascertain the whereabouts of its occupants.

Mr. Sifton, minister of the interior, made the trip to Lake Tughoe over the trail and will return by Skaguay. Major Walsh's party lost 25 horses and a number of oxen in trying to get their outfits over the Skagua trail.

Needs steady nerves.

The lion-hunter needs steady nerves. If he misses the lion's eye, his life is surely lost. The lion-hunter is not the only man who needs steady nerves.

The business man now needs them. He must have them if he would bear the strain of business competition and be successful. A man with steady nerves stands a mighty poor show in the business world of to-day, where he must hit the bull's-eye of fierce competition many times in a day. Steady nerves are dependent upon pure blood, and to have pure blood one must have a perfect digestion.

Dr. Pierce's Golden Medical Discovery goes to the seat of the trouble. It is not a sedative. It makes the nerves steady by furnishing them with proper nutriment. It corrects all disorders of the digestion. It invigorates the liver. It makes the blood rich and pure in nutriment. The nerves receive their proper nourishment from the blood. Business men recognize the value of the "Golden Medical Discovery" and thousands have testified to its virtues. Druggists sell it.

Having suffered for several years with indigestion, writes: Samuel Walker, Esq., of Parkersburg, Chester Co., Pa., "I concluded to try your valuable 'Golden Medical Discovery.' After taking five bottles I was entirely cured. I also suffered from bladder trouble, which was also cured by the 'Discovery.' I feel like a new man."

Dr. Pierce's Common Sense Medical Adviser is a book of 1,008 pages and over three hundred illustrations, some of which are colored. It is fully explained. This book is free. It has been selling for \$1.50. Now you may have it in all its usefulness, and in strong paper covers, for 21 cents.

Stamps, which pay the cost of mailing only, or in cash binding, for 11 stamps. Address: World's Dispensary Medical Association, Buffalo, N. Y.

QUEEN CITY INVADDED

Yellow Fever Carried to Cincinnati by a Refugee.

VICTIM TAKEN TO PESTHOUSE.

Disease Spreading and Fatalities Increasing at New Orleans—Atlanta, Ga., also Announces Its Appearance In That City—Jackson, Mobile and Other Infected Points.

CINCINNATI, Oct. 26.—A well defined, but very mild case of yellow fever arrived in Cincinnati yesterday from Mobile, Ala. It was that of August Wilkum who was found in the home of Mrs. Jane M. Moreland on Champlain street, Lick Run, which is the extreme western part of the city. Health Officer Withrow removed the patient to the pesthouse which is now unoccupied and caused Mrs. Moreland's premises to be fumigated and disinfected. The fever in this case is in a very mild form.

NEW ORLEANS.

Worst Day Yet For Both New Cases and Fatalities.

NEW ORLEANS, Oct. 26.—Yesterday was the worst day yet of the fever situation here. Last night the score at the board of health showed a total of 52 new cases and there were deaths to the number of 11. Heretofore the highest number of deaths in a single day has been 9. Fatalities occur because medical attention is not called in, and the masses for the time being are in a revolutionary mood because of the enforcement of the system of house quarantine, and they resort to every means to put obstacles in the way of the constituted authorities.

When the fever first broke out efficient guards were placed about buildings in the hope that the foe might be restricted, but today there is no quarter of the city that has not reported cases and the germs are being spread by inmates of infected houses eluding the vigilance of the guards. President Olliphant and other officers of the board of health were very much disappointed at the mortality showing of yesterday's record.

Mobile Has Seven New Cases.

MOBILE, Oct. 26.—Seven new cases, one death and four recoveries were the report published by the board of health last evening. There had been no deaths in Mobile proper in the previous 72 hours, the one chronicled above having occurred in Oakdale, just outside the city.

Mississippi Plague Spots.

JACKSON, Miss., Oct. 26.—The state board of health in its official statement last night chronicled new cases of yellow fever as follows: At Raymond, 1; Edwards, 1; Bay St. Louis, 8. The latter place reported one death. The sick at Edwards are nearly all convalescent.

Three Deaths.

MEMPHIS, Oct. 26.—Three new cases of yellow fever were reported by the board of health last night and two deaths. Biloxi reports 14 new cases and one death and Baton Rouge, La., three and one suspicious case.

Atlanta Now Has a Case.

ATLANTA, Oct. 26.—Dr. Alexander, president of the board of health, issued a bulletin last night stating that there was one case of yellow fever in the city, a refugee from Montgomery, Ala.

At Montgomery.

MONTGOMERY, Oct. 26.—The board of health reported four cases yesterday and one death.

RACE WAR LIKELY.

Bitter Feeling Existing Between Whites and Blacks at Xenia.

XENIA, O., Oct. 26.—With the present state of intense feeling between the white and colored people of this city, engendered by the assault of William Carter, a negro, upon Miss Kate Swabb, it would take very little to precipitate a race war. Carter has many negro friends here who do not hesitate to defend him, although the better class of colored people condemn him.

Joseph McDonald, a prominent contractor, was surrounded in the heart of the city by two colored men, the assault presumably being brought about by the stand taken by McDonald in the Carter case. He was left in an unconscious condition. James Townsley was also assaulted by a negro but defended himself by shooting at his assailant.

Last night a mob of several hundred congregated about a train on which it was thought Carter would arrive from Springfield, to which jail he was taken, and had Carter been on the train he would have been lynched.

BUBONIC PLAGUE.

Terrible Ravages of the Dread Disease at Amoy, China.

WASHINGTON, Oct. 26.—United States Consul Johnson at Amoy, China, reports that the bubonic plague in that city has run its course after a career of three months' duration. He says that 90 per cent of the persons attacked died, but that no foreigner fell a victim to the contagion.

Mr. Johnson estimates that in Amoy and four adjoining towns there were 250 deaths from the plague daily in June; 400 daily in July; 200 daily the first 15 days in August; and 100 daily during the latter half of that month.

GOVERNOR PINGREE.

He Will Mandamus Railroads Refusing to Sell Family Mileage Tickets.

DETROIT, Oct. 26.—Governor Pingree will begin a mandamus suit to compel the Michigan Central and the Lake Shore roads to sell mileage tickets, good for the purchaser and family for two years, at \$30, according to the terms of the law recently declared valid by the state supreme court. The Michigan Central sells mileage tickets for \$30, but requires many details in purchasing them. The Lake Shore refuses to sell mileage tickets of any kind.

To get a case against the two roads, Governor Pingree made a demand for mileage tickets in person and was refused by the Michigan Central for less than \$30, and by the Lake Shore absolutely. He declares he will fight the case through all the courts as fast as they can be reached.

STEAMSHIP KENTUCKY.

Danish Vessel Presented With a Stand of Colors by Louisville.

LOUISVILLE, Oct. 26.—The Louisville board of trade yesterday sent to New Orleans a stand of colors for the Danish steamship Kentucky, now lying in the port there. The ship recently reached New Orleans on her maiden trip from Copenhagen. It was named Kentucky in recognition of the trade between Kentucky and Denmark that was built up by the sending of a commissioner there a couple of years ago, following which a Danish consul was named at Louisville, Charles Earle Currie. It was the intention to send a large committee to New Orleans to make the presentation, but this part of the programme was abandoned on account of yellow fever.

Lawyer Lewis hopes to get from \$25 to \$50 a piece for the canines, and should his hopes be realized he will take two more carloads of the product of the Chicago dog pound.

PRISONERS ESCAPE JAIL.

One Man, Under Five-Years' Sentence, Refused to Leave.

NICHOLASVILLE, Ky., Oct. 26.—Bob Carrier, Anthony Teater, white, and Will Smith, colored, three desperate prisoners in jail for housebreaking, have escaped. Seven other prisoners refused to leave, though they could have gone just as easily. John Stevenson, under a 5-years' sentence to the penitentiary, was one who refused to go.

Mrs. E. Russell, 67 Park street, Newark, N. J., says: "After having used Dr. Bull's Cough Syrup in my family with most gratifying results I pronounce it the friend of all mothers."

James B. Spall, of near Beech Grove, and a successful farmer, was in the city today and favored the REPUBLICAN with a pleasant call. Mr. Spall yesterday finished making 1,300 gallons of fine sorghum of which he is one of best manufacturers in the county.

The Ohio river is now very low, and can be forded on horseback. No coal fleets can move down, and the Madison dealers are supplying their customers from the reserve stock on hand in their yards. Their supply will be exhausted soon and then the only source of supply will be by rail from the mines.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, today stands at the head. It never disappoints. Free trial bottle W. F. Peter's drug store.

EVENING NEWS SOLD.

O. W. Burkhart Transfers His Daily Subscription List to W. T. Roach.

For several days it has been known to a few parties that negotiations between the Evening News and Daily Democrat were pending. It seemed advisable that the daily editions of these two papers be merged into one, and since Mr. Roach took charge of the Democrat a special effort has been made to that end.

Messrs. Burkhart and Roach agreed on terms last night which were made known today. By the terms of the sale the subscription list of the Evening News is transferred to Mr. Roach, proprietor of the Democrat, thus merging the daily editions of the two papers into one.

The Evening News was founded by Chas. W. Burkhart over three years ago, the first number appearing July 2, 1894, and has grown in circulation and business very satisfactorily.

Its vigorous advocacy of free silver gave it prestige among local democrats over the Democrat which continued to speak for sound money all through the campaign of 1896.

Mr. Burkhart will continue the publication of the Weekly News and to operate his job office as formerly.

The REPUBLICAN hopes that this business change will prove profitable to all concerned.

Rev. W. J. Stewart and family moved today to Birdseye where he will enter regularly on his pastoral work.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation and Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Peter's drug store.

Diphtheria at Beech Grove.

Beech Grove school, north of Uniontown, is closed this week on account of diphtheria in the family of William King. His little nine-year-old girl developed quite a severe case of the disease Sunday. F. C. Foster, the teacher of the school, says that he does not anticipate that it will be necessary to keep the school closed more than a week.

William Rupp, Wm. W. Alexander and Henry Kern, of Spraytown, were in the city today on business.

To reach the people of a city an advertiser likes to use the paper of the best character, that goes into the best homes and is read by the best people.

Many advertisers, however, believe that, all things considered, the best paper is the one that sells the most copies.

When the paper taken by the best people is also the one with the largest sale, that is always the one paper that an advertiser should use.

Such a Paper is the Seymour Daily Republican

The proved circulation of the REPUBLICAN is larger than that of any other paper published in Jackson county.

It is an evening paper of high character and has a worth to advertisers beyond the mere figures of its daily circulation. It has no waste circulation. Every copy goes into a home, because it is wanted.

Seymour Republican.

John R. McLean's Great Newspaper.

Without a single exception, there is no doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; and a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as in those of greater magnitude.

James Snapp has started a confectionary and jewelry shop combined in the property owned by Basil Hanners.

William Armbruster has been doing some detective work on his own hook which resulted in the capture of three of the burglars that broke into his store some time ago. Frank Peters, William Utterback and Isom Wilkerson are the parties named. There have been several stores broken into in this vicinity within the last year. Armbruster's last May, Marion Lutes since in the edge of Monroe county. Then Tyre A. Todd's at Norman Station. Then Armbruster's again four weeks ago. There being nothing said about the robberies at the time caused the gents to make the mistake that trapped them. Thinking themselves secure they started, as the saying is, a bargain counter in clothing. Two weeks ago Mr. Armbruster received word that if he would come to a certain man's house in Lawrence county he would find out something to his advantage. He went and found that this party had worked himself in with the burglars and found out all he wanted to know which he told Mr. Armbruster, who procured the proper papers and took in Mr. Peters and found goods taken at three of the robberies. Peters weakened and told of Utterback and Wilkerson, so all three were landed in the Bedford jail, which has no doubt broke up a bad gang. There was a watch taken from Mr. Armbruster's store that was found in a Bedford watch makers shop for repairs. Mr. James Snapp, of this place, had repaired said watch once and had kept the number of it.

MINERAL WATERS.

Why and How They Benefit Those That Drink Them.

When a patient reaches a mineral water health resort, he is examined by the resident physician and ordered to drink certain quantities of the water at certain times during the day. These are increased from day to day until the maximum quantity needed is reached. He is ordered to drink one or two glasses upon rising, two or three glasses between breakfast and dinner, the same quantity in the afternoon and a couple of glasses before going to bed. The patient is urged to take it whether he wants it or not. He may say that he is not thirsty, but that makes no difference; he must take it as a medicine. The quantity is increased until we have known 80 glasses per day to be taken.

A part of the benefit derived is because of the rest and change of scene. A part, perhaps, is from the small quantity of the salts and other bases contained in these waters (we are not speaking of cathartic or chalybeate waters), but the benefit from this source is very slight. The secret of the cure is in the quantity of water taken. If the water be pure, free from organic matter, and taken in sufficient quantity, the results will be substantially the same, regardless of the "traces" of lithia and small quantities of sodium chloride and other salts. You can perform these cures at home with the ordinary drinking water, if of good quality, if you will require the patient to take it in the same quantity as at the springs. It is very easy to add lithia if desired, but you must not lose sight of the fact that the quantity of water (not lithia) taken is the important thing. It acts by flooding the kidneys; by washing out the bladder with a copious, bland and dilute urine, by unloading the liver and clearing the brain. The patient feels better from day to day; he is better. Irritable bladder is relieved, the kidneys act freely—are "washed out"—and many effete substances are carried out with the flood. This clears the way for the liver to act freely and normally, for there is an intimate relation between the liver and kidneys—New York Ledger.

The First Steam Power.

The power of steam was known to Hero of Alexandria, who exhibited what seems from the description to have been a small steam engine to Ptolemy Philadelphus and his court about 160 B. C. Pliny describes a small boat, built by a "magician" of Rome, which moved by means of a wheel, "driven by a pot of hot water." Watt's invention of a rotary steam engine was patented in 1769. The first railway locomotive was built by Trevithick in 1804. The first practical locomotive was perfected by Stephenson in 1825. As early as 1707 Denys Papin built a model of a steamboat, which was destroyed by a mob of boatmen. The first practical steamboat was built by William Symington in 1802. In 1803 Robert Fulton, in connection with Chancellor Livingston, built a steamboat which was tried on the Seine. In 1807 the Clermont began trips from New York to Albany.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, too, sent free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

WHAT HE MADE.

The Man Told, and Yet the Professor Was Not Satisfied.

Professor B—, who conducts the clinic of nervous diseases at — Medical college of Chicago, is himself a very nervous and easily irritated man. Recently at the close of a long clinic, when teacher and students were well tired out, the assistant rushed in and asked to have exhibited a very interesting case which had just arrived.

"Well, be quick about it," said the doctor, and he proceeded to emphasize some previous remarks concerning the influence of occupation upon nervous conditions, which point he proposed to illustrate in the case to be presented.

The patient, an awkward Swede, having been hustled into a chair, was now confronted by Professor B—, with the admonition to be brief and accurate in his replies, as time was limited.

"Now, sir, what do you do?" he commenced.

"Aw am not vera well."

"No. I say, what do you do?"

"Oh, yas! Aw verk."

"Yes, I know, but what kind of work?"

"Oh, eet es hard verk."

"Yes, but do you shovel" (illustrating with gesture) "or drive a car or work at a machine, or do?"

"Oh, yas! Aw verk at a masheen."

"Ah! What kind of a machine?"

"Oh, eet es a big masheen!"

By this time the students were grinning broadly and whispering pleasantly, all of which caused the professor to redden and break into a volley at the poor Swede.

"Now look here, sir! I want no more of this. You answer the questions I ask you or go home. What do you make on this machine?"

A ray of intelligence lit up the face of the Swede and, with a confident smile, he said: "Oh, now aw understand you! Yo' want to know vat aw mak' on the masheen, een't eet?"

"Yes, sir, that is it. What do you make?"

"Aw mak' 17 cents an hour." And he and the class were dismissed.—Harper's Magazine.

STUBBS WAS TOUCHED.

And He Gave Up His Fare to the Man Who Touched Him.

Stubbs is really not very absent-minded, but when he is riding on a street car he makes it a point not to look at the conductor. It often saves car fare, for there is something about Stubbs that makes him lucky enough to be overlooked two cases in ten when he boards a loaded car.

One morning he was absorbed in his paper, and when he felt a touch on his arm he mechanically passed out his nickel and went on with his reading. Later the conductor stood beside him and murmured, "Fare, please," but received no attention. Stubbs had paid his fare. Then the abominable nuisance of a conductor seized him by the shoulder and held out his hand, saying sternly, "Fare, please."

"I paid you before," said Stubbs as affably as he could.

"No, you did not. Come, pass out car fare."

"Man, I paid my fare when you were around before." And Stubbs thought for an adjective he might use when there were ladies about. "You—you—infernal—idiot, you are drunk or asleep, for when you touched me on the arm I passed out a nickel, and you must have taken it, for it was the only one I had," fumbling in his change pocket.

With a red face the conductor rang the bell to stop the car, roaring, "You will have to pay your fare or get off the car," in a tone that startled every one. "I did not get your nickel, and you know it."

At that minute the man who had nudged Stubbs to move over in the seat he had occupied with him dropped off the car and walked to other block to his office.

The next time Stubbs rode in a crowded car he gently touched the arm of an acquaintance and got even for the 5 cents he had lost and for the chagrin he had suffered.—Chicago News.

Composer Tours.

English papers announce the death, after a long illness, of Berthold Tours, the well known musician and composer. Mr. Tours was a Dutchman by birth, having been born in Rotterdam in 1828. He studied at Leipzig and Brussels, went to England in 1861 and for a good many years served as a violinist in Costa's orchestra. For the last 19 years, however, he had occupied the responsible post of reader and editor to the great firm of Novello & Co., in which capacity he did an immense amount of useful work in the "reduction" of orchestral scores to their piano-forte form. He was also a voluminous composer of graceful violin pieces, songs, hymn tunes, anthems and church services.

Last Month of the Tennessee Centennial and Industrial Exposition.

Every Saturday Tourist Sleeping Car Route to California.

The month of October closes this greatest of all expositions ever held in the South, and next to the Columbian, the best ever held in this country. For the closing month special attractions have been arranged and the rates from all parts of the country have been made lower than ever before known. The location (Nashville, Tenn.) is on the main line of the Louisville & Nashville railroad, directly on its through car route between the north and south, and the trip in either direction via that city can be made as cheaply, if not cheaper, than via any other route. Ask your ticket agent for rates, or write to C. P. Atmore, General Passenger Agent Louisville, Ky., for rates and information.

These popular every Saturday California excursions for both first and second class passengers (not foreign emigrants) are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together, or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey.

Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant, and the sleeping berth rate is but \$6.00 (for 10 persons) from Chicago to California. Ask the nearest ticket agent for a tourist car "folder," giving complete information about the Midland Route or address "Eastern Manager Midland Route," No. 95 Adams street, Chicago, Ill., or Robt. C. Jones, Traveling Passenger Agent C. M. & St. P. Ry., 40 Carew Building, Cincinnati, O.

P. J.—Berth reservations are made in the order received up to each Saturday morning. First come first served. n30

Ask Them If You Want Information About Home-Seekers' Excursions. Ticket agents of the Pennsylvania Lines will furnish information regarding Home-Seekers' Excursions to various points in the northwest, west, south west and south. It will pay you to investigate if you contemplate a trip. Apply to nearest Pennsylvania Live Ticket Agent, or address W. W. Richardson, district passenger agent, Indianapolis, Ind.

FACTS TO PRESENT

Uncle Sam Will Have Some Pertinent Ones For Spain.

GOVERNMENT DONE ITS DUTY.

Filibustering Expedition Prevented Whenever Possible—What It Has Cost—Matter Will Be Laid Before Congress.

WASHINGTON, Oct. 26.—It is not doubted among government officials that the basis of the Spanish reply to Mr. Woodford's note will be the charge that the United States has not observed the requirements of international law in the matter of preventing filibustering. In this case the state department will have some pertinent facts to present, which, its officials believe will completely alienate from Spain any sympathy that she may have attracted from other European nations on that score.

It is asserted that the government has been so anxious to prevent filibustering as to accept statements from the Spanish officials, not accompanied by proofs of the facts alleged, but mere suggestions that they had reason to believe that an expedition was forming, and have sent vessels to intercept it.

In cases our government has proceeded to lengths in restraint of American commerce on insufficient evidence furnished by the Spanish government that has resulted in the preference of large claims by American shipowners for illegal detention of their ships. Then the expense of maintaining the patrols along the Atlantic and Gulf coasts has been very heavy. Every time the state department has been obliged to call upon a collector at a port the result has been a heavy bill of expenses for tugs, special officers and other charges, while the attorney general's offices and, in fact, most of the executive departments have been put to more or less trouble and expense.

The navy department especially has been embarrassed owing to the necessity for diverting vessels from other places for the disagreeable Florida patrol. One official roughly estimated that the expense of the United States has been put to to protect the Cuban coast for Spain at a large estimate, but one naval officer, who is thoroughly cognizant of the strain put upon the department by the patrol, stated that it would really be cheaper for the United States to send a fleet to Cuba and blockade the coast there against incoming filibusters than to try to stop them on our own extensive coastline.

Altogether the officials are confident of their ability to show that the government has more than complied with the requirements of international law, which, as laid down in the Alamo arbitration, is "just as good" and "will answer every purpose." To prevent the departure of hostile expeditions.

On this phase of the case, the correspondence may be kept alive between the state department and the Spanish government until Congress meets, but it is expected that unless some results in the direction of the West Jersey railroad are forthcoming by that time, the president will refer the entire matter to congress and await its order.

FRAUDULENT WARRANTS.

Bogus Paper Paid In the Settlement of the Creek Indians' Indebtedness.

WASHINGTON, Oct. 26.—Over \$90,000 of alleged fraudulent warrants of the United States treasury on the account of the Creek Indian nation in Indian Territory have been discovered by government authorities. The alleged fraud was perpetrated in connection with the payment of the Creek Indian nation debts and only the barest details have reached here. Congress authorized the liquidation of indebtedness of the Creeks amounting to \$233,000 incurred by the Indians for various purposes.

The amount appropriated was to be paid out of the United States treasury and deducted from the funds of that tribe now in the treasury. The work of the tribe now was begun months ago but when the last warrants were presented it was found that the amount paid, instead of \$233,000 as authorized, had reached \$352,000. Special agent W. H. Zevilly, of Missouri, and special agent Ross were immediately dispatched to make an investigation of the discrepancy. The department now has received advices from them showing that over \$90,000 of warrants were fraudulent and have been paid.

Seal Conference.

WASHINGTON, Oct. 26.—The international seal conference met again at the state department yesterday with all of the members present. The proceedings are secret in the sense that no one but the delegates is allowed in the meeting room, save certain persons who are called upon to give expert testimony as to the conditions of seal life and the state of the market for skins. It is expected that the conference will be in session some time.

Union City (Ind.) Bank.

WASHINGTON, Oct. 26.—The Commercial bank of Union City, Ind., has been authorized to begin business. Capital, \$50,000.

Will Ask His Extradition.

PARIS, Oct. 26.—The United States embassy will make an application to the French government for the extradition of Wm. R. Foster, who absconded from New York on Sept. 26, 1888 with, it is claimed, \$198,000 belonging to the gratuity fund of the New York produce exchange and who was arrested at Neuilly, near this city on Saturday last.

Vatican Denies Intervention.

ROME, Oct. 26.—Cardinal Rampolla authorizes the denial of papal intervention in the case of Prof. Schroeder of the Catholic University at Washington and states that the matter is entirely in the hands of the state.

GARRISON WRECK.

Complete List of the Dead—Thousands Visit the Scene.

GARRISON, N. Y., Oct. 26.—A complete list of the killed in the wreck of the New York Central train, which plunged into the Hudson river through the giving way of the retaining wall, as furnished by the railroad officials, is as follows:

JOHN BOYLE, engineer, of East Albany, body still in the river.
JOHN Q. TOMPKINS, fireman, of East Albany, body still in the river.
SAMUEL WILLIAMS of Buffalo.
THOMAS RILEY of St. Louis.
W. H. G. MEYERS of Tremont, N. Y.
A. J. MCKAY, Harlem, body still in the river.

E. A. GREEN of Chicago.
WILLIAM SCHENCKENBERGER, Newark, N. J., otherwise known as William S. Becker.
GIUSEPPE TAGUANA, New York.
MRS. ROBERT T. LINDSMAN, Utica.
UNKNOWN WOMAN, not yet identified.
EIGHT CHINAMEN.

Late yesterday afternoon the wrecking company made another search for the bodies of the engineer and fireman and Superintendent Van Etan's clerk, Mr. McKay. When the diver came up, after 25 minutes, he said: "I could find no trace of any of the missing men and I don't believe they are near the engine. I should say that if they did not have time, and that look of water through the cab was so fierce that it fairly swept them out of it and drowned them quickly. I would not be surprised if they were half a mile or a mile beyond the engine."

Had it not been for the fact that the torrents of rain poured down all the afternoon the New York Central railroad would have had an excursion upon their hands larger than any for many years. As it was, trainload after trainload of curiosity seekers landed at the stations near the wreck and walked through the drenching rain to stand and stare at the burning embers and mutilated cars. Of the 16 dead who lay in the coroner's office at Cold Springs, eight were heathen foreigners, whose names or residences meant scarcely anything to the general public, and yet six of these eight were identified and claimed long before any person had come forward to inquire or seek for two well-dressed and evidently very respectable white women, the only women killed in the wreck. The 16 bodies that were held at Cold Springs for identification and the claim of the relatives were divided between the two undertaking establishments.

PULLMAN'S WILL.

Its Contents May Not Be Made Known For Several Days.

CHICAGO, Oct. 26.—The disposition of the estimated \$50,000,000 left by the late George M. Pullman will not be known with certainty for at least a day or two. That assurance both Mr. Robert Lincoln and Mr. Norman R. Ream, executors of the estate of the multi-millionaire expressed with authority yesterday. They say the property left is so vast that it may take several days to estimate its value as the law requires. All sorts of stories are current in financial circles over the Pullman will. It is said positively that the estate was not worth over \$20,000,000 or \$25,000,000. Some well known LaSalle street men, however, say that George M. Pullman's income was averaged \$10,000,000 annually for a number of years.

Mr. Lincoln said yesterday that there were a great number of public requests, but refused to give them out. Neither of the executors of the will would comment on or deny the statement that Mr. Pullman had disinherited his two sons, George M. and Sanger W. Neither of the young men is said to be violently drawn toward a business career. And for that reason it has been declared that the bulk of the property is left to a widow and Mrs. Frank Lovdov, a daughter of the deceased. The university claims in for a large amount, it is also said.

Insurgent Leader Killed.

HAVANA, Oct. 26.—The body of General Adolfo Castillo, the insurgent leader who was killed in an engagement with Spanish guerrilla forces under Major Manuel Taya Buano of the artillery, arrived here yesterday. Large crowds have visited the morgue to look at the remains. Major Buano is a nephew of President Cisneros of the Cuban provisional government.

Will Explore on the Shores.

CITY OF MEXICO, Oct. 26.—Professor William Niven of New York has arrived here and will soon start to explore the state of Guerrero. He has a concession from the government for the purpose of the search for antiquities in that region and will be allowed one-half of the objects found to be sent to the museums in the United States.

Fugitive From Justice.

ATLANTA, Ga., Oct. 26.—Harry A. Cassin, ex-bank cashier, is a fugitive from justice. When his case was called in court yesterday he did not respond. Cassin was indicted for embezzling \$71,000 of the funds of the Georgia Loan, Savings and Banking company, a corporation of which he was cashier. He gave bond in the sum of \$10,000.

TELEGRAPHIC BREVITIES.

Hamburg, Germany, has just dedicated a 16,000,000 mark town hall.
Rev. John Stoughton, D. D., the well known Congregational minister and author, is dead in London.

The Baltimore-All-American ball game at Kansas City resulted in favor of the latter by a score of 9 to 4.
The steamer Mariposa has sailed from Sydney, N. S. W., for San Francisco with 275,000 sovereigns for the United States.

Hannis Taylor, ex-minister to Spain, it is said, will shortly publish an elaborate communication on the Cuban question.
A tilemaker named Guibout, his wife and four children, committed suicide by the use of charcoal fumes in Paris. Poverty was the cause.

Enail Schuler of the Morse Cycling club, Chicago, has lowered the triple circuit amateur record 16 minutes, riding 300 miles in 20 hours and 38 minutes.
The supreme court of the United States has refused a writ of habeas corpus in the case of Henry Cramer of the state of Washington, under sentence of death.

POSTPONEMENT DESIRED.

Government Will Ask That the Date For Union Pacific Sale Be Changed.

ST. PAUL, Oct. 26.—A motion on the part of the government to postpone the date of sale of the Union Pacific railway was made before United States Circuit Judge Sanborn in this city today. It is thought Judge Sanborn will set an early day for the hearing. General John C. Cowin of Omaha, one of the government's assistant counsel in these proceedings, has had an informal conference with Judge Sanborn. He stated to the judge that the government desired at an early date to argue the motion referred to. Ex-Governor George Hoadley, the chief of the government's special counsel in the Union Pacific cases, is expected here.

DAWSON CITY NEWS.

Plenty of Provisions and the Idea of Starvation Scouted.

VICTORIA, B. C., Oct. 26.—The City of Seattle has arrived here from the north with 100 passengers, including Cliff L. Moore and son and M. C. Woodring of Seattle, who poled up the Yukon river from Dawson and came out over the Dalton trails. She also brought news of the drowning on Lake Bennett of Joe McMannus and Peter Wivelle of San Francisco. A storm sprang up and in the taking in sail McMannus fell overboard. Wivelle jumped in to rescue his companion and was dragged to the bottom by him.

Moore and Woodring scout the idea of starvation at Dawson City and say that the talk of epidemic diseases is all imagination. The stores have stopped selling provisions because they do not want outsiders to get a corner on the goods. Moore saw a wrecked boat on the river but could not ascertain the whereabouts of its occupants.

Mr. Sifton, minister of the interior, made the trip to Lake Tagish over the Dyea trail and will return by Skagway. Major Walsh's party lost 25 horses and a number of oxen in trying to get their outfits over the Skagua trail.

The Lion Hunter.

The lion hunter needs steady nerves. If he misses the lion's eye, his life is surely lost. The lion hunter is not the only man who needs steady nerves. The business man now-a-days needs steady nerves. He must have them if he would bear the strain of business competition and be successful. A man with shaky nerves stands a mighty poor show in the business world of to-day, where he must hit the bull's-eye of fierce competition in a day. Steady nerves are dependent upon pure blood, and to have pure blood one must have a perfect digestion.

Dr. Pierce's Golden Medical Discovery goes to the seat of the trouble. It is not a sedative. It makes the nerves steady by furnishing them with proper nutriment. It corrects all disorders of the digestion, purifies the liver. It makes the blood rich and pure in nutriment. The nerves receive their proper nourishment from the blood and soon become strong and steady. Business men recognize the value of the "Golden Medical Discovery" and thousands have testified to its virtues. Druggists sell it.

Having suffered for several years with indigestion, writes: Samuel Walker, Esq., of Parkersburg, Chester Co., Pa.: "I concluded to try your valuable 'Golden Medical Discovery.' After taking five bottles I was entirely cured. I also suffered from bladder trouble, which was also cured by the 'Discovery.' I feel like a new man."

Dr. Pierce's Common Sense Medical Adviser is a book of 1,000 pages and over three hundred illustrations, some of them colored, all fully explained. This book is free. It has been selling for \$1.50. Now you may have it in all its usefulness, and in strong paper covers, for 21 one-cent stamps, which pays the cost of mailing out, or in cloth binding for 21 stamps. QUEEN CITY INVADDED

Yellow Fever Carried to Cincinnati by a Refugee.

VICTIM TAKEN TO PESTHOUSE.

Disease Spreading and Fatalities Increasing at New Orleans—Atlanta, Ga., also Announces Its Appearance In That City—Jackson, Mobile and Other Infected Points.

CINCINNATI, Oct. 26.—A well defined, but very mild case of yellow fever arrived in Cincinnati yesterday from Mobile, Ala. It was that of August Wilkieson who was found in the home of Mrs. Jane M. Moreland on Champlain street, Lick Run, which is the extreme western part of the city. Health Officer Withrow removed the patient to the pesthouse which is now unoccupied and caused Mrs. Moreland's premises to be fumigated and disinfected. The fever in this case is in a very mild form.

NEW ORLEANS.

Worst Day Yet For Both New Cases and Fatalities.

NEW ORLEANS, Oct. 26.—Yesterday was the worst day yet of the fever situation here. Last night the score at the board of health showed a total of 52 new cases and there were deaths to the number of 11. Heretofore the highest number of deaths in a single day has been 9. Fatalities occur because medical attention is not called in, and the masses for the time being are in a revolutionary mood because of the enforcement of the system of house quarantine, and they resort to every means to put obstacles in the way of the constituted authorities. When the fever first broke out efficient guards were placed about buildings in the hope that the foe might be restricted, but today there is no quarter of the city that has not reported cases and the germs are being spread by inmates of infected houses eluding the vigilance of the guards. President Olliphant and other officers of the board of health were very much disappointed at the mortality showing of yesterday's record.

Mobile Has Seven New Cases.

MOBILE, Oct. 26.—Seven new cases, one death and four recoveries was the report published by the board of health last evening. There had been no deaths in Mobile proper in the previous 72 hours, the one chronicled above having occurred in Oakdale, just outside the city.

Mississippi Plague Spots.

JACKSON, Miss., Oct. 26.—The state board of health in its official statement last night chronicled new cases of yellow fever as follows: At Raymond, 1; Edwards, 1; Bay St. Louis, 6. The latter place reported no death. The sick at Edwards are nearly all convalescent.

Three Deaths.

MEMPHIS, Oct. 26.—Three new cases of yellow fever were reported by the board of health last night and two deaths. Biloxi reports 14 new cases and one death and Baton Rouge, La., three and one suspicious case.

Atlanta Now Has a Case.

ATLANTA, Oct. 26.—Dr. Alexander, president of the board of health, issued a bulletin last night stating that there was one case of yellow fever in the city, a refugee from Montgomery, Ala.

At Montgomery.

MONTGOMERY, Oct. 26.—The board of health reported four cases yesterday and one death.

RACE WAR LIKELY.

Bitter Feeling Existing Between Whites and Blacks at Xenia.

XENIA, O., Oct. 26.—With the present state of intense feeling between the white and colored people of this city, engendered by the assault of William Carter, a negro, upon Miss Kate Swabb, it would take very little to precipitate a race war. Carter has many negro friends here who do not hesitate to defend him, although the better class of colored people condemn him. Joseph McDonald, a prominent contractor, was snatched in the heart of the city by two colored men, the assault presumably being brought about by the stand taken by McDonald in the Carter case. He was left in an unconscious condition. James Townsend was assaulted by a negro but defended himself by shooting at his assailant.

Last night a mob of several hundred congregated about a train on which it was thought Carter would arrive from Springfield, to which jail he was taken, and had Carter been on the train he would have been lynched.

BUBONIC PLAGUE.

Terrible Ravages of the Dread Disease at Amoy, China.

WASHINGTON, Oct. 26.—United States Consul Johnson at Amoy, China, reports that the bubonic plague in that city has run its course after a career of three months' duration. He says that 90 per cent of the persons attacked died, but that no foreigner fell a victim to the contagion.

Mr. Johnson estimates that in Amoy and four adjoining towns there were 250 deaths from the plague daily in June; 400 daily in July; 200 daily the first 15 days in August and 100 daily during the latter half of that month.

Shot Him Through the Heart.

ROME, O., Oct. 26.—During a dispute over the accounts between W. T. McCormick, proprietor of a general store and his bookkeeper, a man named Metz, the quarrel became fierce and Metz drew a revolver and shot McCormick through the heart.

\$87,000 Fire.

RID LAKE, Wis., Oct. 26.—Fire last night damaged the big saw mill of J. J. Kennedy and destroyed many thousands feet of lumber. Loss \$87,000, partly insured.

GOVERNOR PINGREE.

He Will Mandamus Railroads Refusing to Sell Family Mileage Tickets.

DETROIT, Oct. 26.—Governor Pingree will begin a mandamus suit to compel the Michigan Central and the Lake Shore roads to sell mileage tickets, good for the purchaser and family for two years, at \$20, according to the terms of the law recently declared valid by the state supreme court. The Michigan Central sells mileage tickets for \$30, but requires many details in purchasing them. The Lake Shore refuses to sell mileage tickets of any kind.

To get a case against the two roads, Governor Pingree made a demand for mileage tickets in person and was refused by the Michigan Central for less than \$30, and by the Lake Shore absolutely. He declares he will fight the case through all the courts as fast as they can be reached.

STEAMSHIP KENTUCKY.

Danish Vessel Presented With a Stand of Colors by Louisville.

LOUISVILLE, Oct. 26.—The Louisville board of trade yesterday sent to New Orleans a stand of colors for the Danish steamship Kentucky, now lying in the port there. The ship recently reached New Orleans on her maiden trip from Copenhagen. It was named Kentucky in recognition of the trade between Kentucky and Denmark that was built up by the sending of a commissioner there a couple of years ago, following which a Danish consul was named at Louisville, Charles Earle Currie. It was the intention to send a large committee to New Orleans to make the presentation, but this part of the programme was abandoned on account of yellow fever.

DOGS FOR THE KLONDIKE.

Seattle Lawyer Has 220 Shipped to Him to Sell to Miners.

CHICAGO, Oct. 26.—Exactly 220 dogs of high and low degree, mostly the latter, the property of W. H. Lewis, a Seattle lawyer, are on their way to the Pacific coast from Chicago and will be sold to Klondike miners. Lawyer Lewis hopes to get from \$35 to \$50 a piece for the canines, and should his hopes be realized he will take two more carloads of the product of the Chicago dog pound.

PRISONERS ESCAPE JAIL.

One Man, Under Five-Years' Sentence, Refused to Leave.

NICHOLASVILLE, Ky., Oct. 26.—Bob Carrier, Anthony Teater, white, and Will Smith, colored, three desperate prisoners in jail for housebreaking, have escaped. Seven other prisoners refused to leave, though they could have gone just as easily. John Stevenson, under a 5-years' sentence to the penitentiary, was one who refused to go.

One Man Killed and Another Injured.

FREMONT, O., Oct. 26.—An oil-car of a Wheeling and Lake Erie westbound freight broke in two in Clyde, eight miles east of here, causing a bad wreck and resulting in the death of a young man named Rudolph Croft and the serious injury of Frank Palmer, both of this city. The young men had taken the train at Bellefonte and lain down beside the fatal tank, which collapsed and caused the wreck.

Dr. Congosta Promoted.

PHILADELPHIA, Oct. 26.—Dr. Jose Congosta, the Spanish consul at this port, has received word from Madrid that he has been appointed secretary general to Cuba, succeeding the present incumbent of that office. Dr. Congosta will sail for Havana next Saturday and will assume the duties of the office immediately.

Eloped on a Tandem.

DANVILLE, Ills., Oct. 26.—C. W. Woolsey, a printer, and Miss Lena Waltz, bookkeeper for Koch & Bay, eloped from here on a tandem bicycle and were married at Covington, Ind.

BRADFIELD'S FEMALE REGULATOR

is for women's diseases and irregularities. It cures everything that is commonly called a "female trouble." It acts directly upon all the distinctly feminine organs of generation, driving out weakness and imparting strength; stopping unnatural drains, and regulating the monthly flow in every instance. It makes sick and weakly women strong and well again in 21 days. It is sold in bottles of \$1 a bottle at drug stores. Send for a free book about it.

Sick Headache.

Neuralgia and Extreme Nervousness.

EVER since I was eighteen years old until I learned of Dr. Miles' Restorative Remedies, I suffered from sick headache and extreme nervousness and dyspepsia. In time time disease developed. I was treated by several doctors with no result. Severe palpitation with pain in left breast, shortness of breath, and smothering cough made me most miserable. I procured Dr. Miles' Restorative Nerve and New Heart Cure and took them alternately as directed. Improvement began at once and increased so rapidly that inside of six months I increased thirty six pounds in weight. All pain in the heart is gone, and the nervousness has wholly left me.

Mrs. CHAS. KNAPP,
W. German St., Little Falls, N. Y., Nov. 7, '95.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerve sent free to all applicants.

LIFE!

Is sometimes hanging on the balance when the physician writes a prescription.

He desires certain definite results from the remedies he or she prescribes. It is the duty of the physician to supply the strength, who shall answer for results?

These Days

It requires more than a general knowledge of drugs to rightly fill prescriptions. Remedies are multiplying, new preparations are constantly coming out. The prescription must be put in competent hands or some of the remedies will be ruined in the compounding.

Ample stock, wide experience and scientific service are required.

EVENING NEWS SOLD.

C. W. Burkhardt Transfers His Daily Subscription List to W. T. Roach.

For several days it has been known to a few parties that negotiations between the Evening News and Daily Democrat were pending. It seemed advisable that the daily editions of these two papers be merged into one, and since Mr. Roach took charge of the Democrat a special effort has been made to that end.

Messrs. Burkhardt and Roach agreed on terms last night which were made known today. By the terms of the sale the subscription list of the Evening News is transferred to Mr. Roach, proprietor of the Democrat, thus merging the daily editions of the two papers into one.

The Evening News was founded by Chas. W. Burkhardt over three years ago, the first number appearing July 2, 1894, and has grown in circulation and business very satisfactorily.

Its vigorous advocacy of free silver gave it prestige among local democrats over the Democrat which continued to speak for sound money all through the campaign of 1896.

Mr. Burkhardt will continue the publication of the Weekly News and to operate his job office as formerly.

The Republican hopes that this business change will prove profitable to all concerned.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt.

A prompt use of this medicine has often averted long and perhaps fatal bilious fevers.

No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation and dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Peter's drug store.

Diphtheria at Beech Grove.

Beech Grove school, north of Uniontown, is closed this week on account of diphtheria in the family of William King.

His little nine-year-old girl developed quite a severe case of the disease Sunday. F. C. Foster, the teacher of the school, says that he does not anticipate that it will be necessary to keep the school closed more than a week.

William Rupp, Wm. W. Alexander and Henry Kern, of Spraytown, were in the city today on business.

Fourteen Years

To reach the people of a city an advertiser likes to use the paper of the best character, that goes into the best homes and is read by the best people.

Many advertisers, however, believe that, all things considered, the best paper is the one that sells the most copies.

When the paper taken by the best people is also the one with the largest sale, that is always the one paper that an advertiser should use.

Such a Paper, is the Seymour Daily Republican

The proved circulation of the REPUBLICAN is larger than that of any other paper published in Jackson county.

It is an evening paper of high character and has a worth to advertisers beyond the mere figures of its daily circulation. It has no waste circulation. Every copy goes into a home, because it is wanted.
